Drill With Snap.

 Every soldierette at the National
 Service School was up and doing early
 today, brushing up uniforms, cleaning
 shoes, all in preparation for the drill
 today, which is a part of the program
 to determine the organizations which
 get the prizes of merit at the end of
 the encampment. The drill counts 20
 per cent, and there are other counts,
 such as personal neatness, every-day life,
 carriage, etc., all of which will be taken
 into consideration in making up the
 final figures.

 Shortly after 9 o'clock all of the com-
 panies were marched on the parade
 ground on the Red Cross side of the
 road, and there, under the eyes of
 commanders, they were put through a
 stiff drill in infantry movements, or
 such of them as the women have been
 taught during their service in the
 camp, these including foot movements,
 squad movements and company front
 formations.

 The fair campers went through the
 movements with a snap that would
 make a seasoned drill sergeant proud
 of Uncle Sam's services dismiss them
 with a smile of perfect satisfaction.
 The infantry movements were done
 under the eyes of Maj. George L.
 Ahern, U. S. A., retired, and Lieut.
 Henry S. Green, United States Marine
 Corps, on duty at the marine barracks
 here. They are this afternoon check-
 ing up their notes to make known
 their decision as to which company
 won today.

 Following the infantry drill, the com-
 panies were disbanded in order to per-

 mit the members to go to the various
 classes, in signaling, wireless telegra-
 phy, first aid, etc., to complete their
 examinations, which also will count in
 the summary of merit.

Lectures This Afternoon.

 Dr. Tom A. Williams this afternoon
 will talk on the "Conservation of Ner-
 vous Energy" and Miss Helen W. Atwa-
 ter, scientific assistant in the nutrition
 section of the Department of Agricul-
 ture, will talk on "Women's Labor and
 Waste."

 There will be little holiday tomorrow
 for the students at the camp. Owing
 to the near approach of the end of the
 camp, the students will have to com-
 plete their examinations. Except for
 the exercises at the regular time in
 the afternoon there will be little ob-
 servance of the day.

It Depended.

 if I may count on your supporting me.
